

Effortless digital banking for your future ambitions

That's Africanacity. That's Absa.

**Corporate and
Investment Banking**

cib.absa.africa/

Introducing Absa Access – the single sign-on platform that lets you manage your finances with speed and intelligence. With greater visibility and an intuitive view of your business portfolio, Absa Access enables you to take charge of your financial world; so you can be more responsive and better able to make informed decisions to drive your business growth across the continent.

A single sign-on with a multitude of benefits

Absa Access is an integrated experience that is eliminating the need for separate banking platforms. Here are just a few of the many benefits of moving to Absa Access:

One consolidated view of your banking portfolio

Absa Access is a connected experience that gives you a holistic and comprehensive view of your banking activities, as well as your banking history across geographies.

Choice of access – choice of service

- **Online Banking:** You can access your corporate and investment banking services in one place, with our device-responsive, secure online channel.
- **Host:** Experience seamless integration between our banking platforms and your line of business systems to enable automation and decrease risk.

- **Mobile App:** Designed for use on Android or iOS mobile phones, for convenient access to financial services from any location.
- **Application Programming Interface (API):** Enables you to create innovative integrated experiences using our menu of ready-to-go API's.

Pan-African solutions

Even if your organisation spans multiple geographies, you experience the same look and feel, and data or information based on permissions / entitlements given. You can look forward to a modern and consistent design experience across geographies.

Enhanced banking experience

With the freedom for greater personalisation, you can enjoy a banking service that adapts intuitively to your business goals.

Join us on this exciting journey

The best part is that this is just the beginning. Absa is on a journey of enhancing our digital experience to build unified Pan-African capabilities across our online, host, API, and mobile channels. We continue to partner with clients to add new features and improve existing systems. We look forward to collaborating and co-creating with you.
